## Message from Secretary .....

CCD is glad to publish 31st Annual Report for the year 2022-23 focusing on sustainable livelihood and people centered interventions.

It is a matter of joy and pride in achieving our Vision and fulfilling the dreams of the vulnerable target community - the Women, Children and Persons with Disabilities.

During the Year, CCD has emphasized on sustainable livelihood promotion of the target communities through sustainable agriculture practices to ensure climate-smart agriculture, Millet promotion, organic farming and capacity building of the farmers, strengthening the Women Cooperatives, Farmers Producers Organization and Organization of Persons with Disabilities from Village to District level and strengthening the Community Based Organization / Institutions.

Our main emphasis was on increase of annual income of small farmers and vulnerable community focusing on land development, on-farm and off-farm initiatives, converting the Wasteland to Cultivable land, Women and Persons with Disabilities are to be empowered through micro enterprise promotion and enable them to access the credit support from their cooperatives and federation.

This year major activities are implemented to enhance the production and productivity of Ragi, Paddy, Vegetables with organic methods. The vulnerable and landless families have taken up goat rearing, chick rearing, mushroom cultivation, bee keeping, pisciculture and seasonal business of forest produces. CCD has initiated to focus more on Child protection against child labour, child marriage and child trafficking as well as emphasizing on menstrual hygiene of Women and Adolescents.

I am very much thankful to the Government of India, Government of Odisha, District Administration, Board of Directors of CCD, Project Partners(Donors), Grass root level govt. functionaries, PRI members, Community, Network alliance member Organizations, Community Leaders, Staff and Media for their immense support and cooperation during the pandemic period to encourage us to sustain their livelihood potentials.

## LIVELIHOOD PROMOTION OF TRIBAL FAMILIES THROUGH SUSTAINABLE AGRICULTURE AND ANIMAL HUSBANDRY

### ACTIVITIES IMPLEMENTED

CCD has been focusing on sustainable livelihood promotion of smallholder tribal farmers and vulnerable landless families initiating land based and animal husbandry practices to ensure food and income security. Major emphasis was laid on empowerment of women farmers for their active participation in household income general activities.

#### Land Development

27.96 ha Farm bond / Earthen Bund / Stone Bunding has been constructed by 141 tribal farmers to ensure soil & water conservation.

16.96 ha wasteland has been converted to cultivable land by 71 tribal farmers

Land holding capacity is very low of the tribal farmers for agriculture and huge wasteland and barren lands are existing due to hilly area. With the support of KKS-BMZ, the wasteland development has been initiated. 6 Tribal farmers of Kurlandaguda Village of Tarangaga Panchayat, Gumma Block have cultivated Paddy in 1.2 ha newly developed wasteland. The land was idle for last 30 years. As the trial basis the farmers have cultivated paddy with agronomic practices without using any bio-fertilizer inputs. Astonishingly the yield was 18.75 qtl per ha with total yield of 22.50 qtl from 1.2 ha with good quality. The farmers felt happy that their cultivable land is increased. They were impressed with the concept of wasteland development and planning to cultivate Paddy, Ragi and vegetables using bio-fertilizer inputs with sustainable agriculture practices for livelihood, food and nutrition security. They have sold 22.50 qtl Paddy with INR 45600/- and got unexpected additional income and also transplanting on earthen bunds.

Land holding capacity of the smallholder farmers has been increased. The farmers are cultivating Paddy, Ragi, Pulses, Groundnut, Vegetables and Tuber crops in the developed lands. The production and productivity as well as annual income has been increased by 11%.

### **Promotion of Model Farm**

85 families have promoted Model Farm with multi cropping of Guava, Banana, Pomegranate, Lemon, Drumstick, Mango, Coconut and Jackfruit in 29.40 ha of land to increase annual household income. The farmers are getting income of Rs. 1500/- (Average) in a month from Banana, Lemon and Cassava.

### **Promotion of Kitchen Garden / Backyard Nutri Garden**

550 families are cultivating different vegetables like Tomato, Brinjal, Papaya, Long Guard, Bottle Guard, Bitter Guard, long Beans as Kitchen Garden adopting organic method. The tribal families are consuming the nutritious organic vegetables and selling the surplus in their villages and nearby villages.

### **Vegetable cultivation using Bucket kit Drip Irrigation**

60 tribal farmers are using Bucket Kit drip irrigation to ensure water facilities atleast 9 months in a year and yielding the vegetables 3 times in a year. The farmers are getting the income of Rs. 7500/- (Average) in a year from the vegetables like Brinjal, Tomato, Radish, Long guard, Bottle Guard, Ladies Finger, Onion and Long Beans. The Annual household income is enhanced.

### **Animal Husbandry (Goat & Chick Rearing)**

47 vulnerable landless families were supported by KKS-BMZ for Goat Rearing to ensure their annual household income in Gumma and Kasinagar blocks. Each family has purchased 4 - 5 Goats with the project support of Rs. 17,200/- plus their own contribution of Rs. 10,000/-. Now the total number of mother goats and their kids are 325. total 820 vulnerable families have adopted Goat rearing as the main source of income in the project areas of CCD in Gumma, Kasinagar, Rayagada and R.Udayagiri Blocks. During the period 85 families have sold 101 Goats in the market and got Rs. 4,34,300/-. Till the end of March, 2023, total number of 224 Goats are available with 820 families. Similarly 750 vulnerable households are rearing Chicks. Annual household income security is assured from Rs. 8000/- to Rs. 12500/- depending on number goats and Chicks per family.

### **Promotion of Agroforestry (Plantation of Mango, Coconut, Sapota, Guava and Jackfruit)**

33 families have taken up plantation activities in 13 ha of land to increase annual household income. Plantation is going on. The expected outcome can be measured after 1 - 4 years.

### **Case Study**

Simanti Gomango of Gantara Village, Tarangada GP of Gumma Block is a poor and she was living with the support of social security benefits of Government. She is a daily labour and with the low income and was hard to afford two time food for their family.

With the support KKS-BMZ, she was been identified by the village development committee for getting support for Goat Rearing. The project has supported INR 17200 and she has contributed INR 10000 to purchase 5 Goats. Orientation trainings on care & management of Goats by the Project, she has taken care of the Goats and routine vaccination of Goats. Now she has 9 Goats including 4 Kids. The market rate of one mother goat is INR 5000 (average). She is planning to increase the Goats upto 20 - 25 in coming years. She has expected to sell atleast 10 mother goats to get INR 40000 - INR 50000. She and her family are happy that they are the running assets by revolving the Goats to get good income.

## ODISHA MILLET MISSION

3 tribal farmers have demonstrated on Arjun Variety of Ragi Seed in 0.25 ha of land. Earlier they were cultivating the traditional variety of Ragi seed in traditional methods and they were getting the yield of 15 - 17 qtl per ha with 2 - 4 number of plants. But after using Arjun Variety Ragi Seed, the yield is increased to 22 qtl per ha with 15 -17 number of plants. The yield is increased by 26%. The practice has been upscaled and the farmers have exchanged Arjun Variety seeds in places of traditional ragi seed with other tribal farmers.

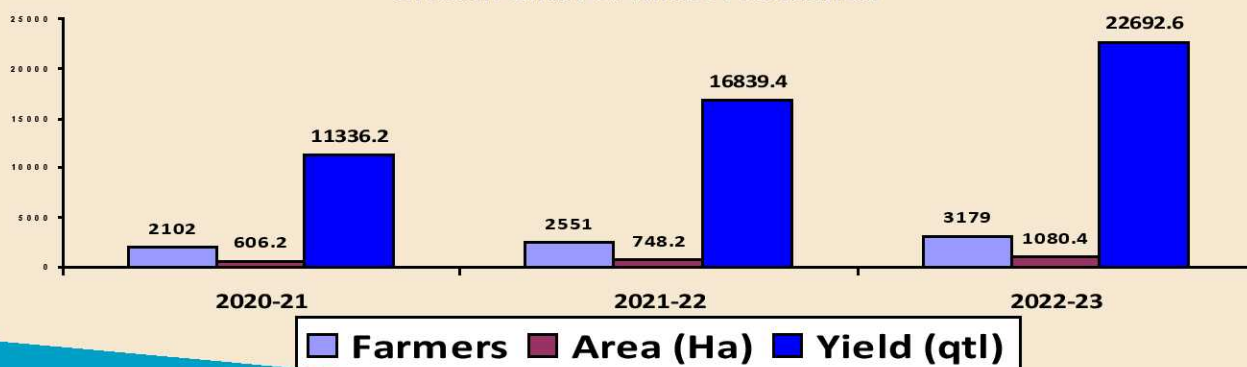

### The status of Ragi cultivation in Gumma & Kasinagar Block

### Case Study

#### **Self employment provide opportunity for self dignity**

B. Arudra, aged about 30 years, physically impairment of 60% is living with her parents. By birth she has been suffering with physically disability (Right hand). As a female, she has faced double discrimination in the society, neighbours and relatives. She was identified by the field coordinator of CCD and sensitized on different social security schemes of Government and skill development opportunity.

Training on Pickle Making & packaging

She has attended trainings & meetings organized by CCD-SAMARTH. She has approached for a self help project support to purchase a Cow for milk business and other seasonal business. CCD has provided INR 20000 from REHASWISS self help project support in the year 2020. During that time COVID pandemic has restricted her daily income. REHASWISS has supported INR 5000 as COVID relief support to revive her business. After repayment of the credit of INR 20000, she has been supported INR 10000 from Revolving fund of SAMARTH. With the support of her parents, the milk business is well going and getting INR 200/- (average) per day. From the seasonal business and milk business her annual income is approximately INR 50000 excluding the maintenance and input cost..

Now she is self reliant and living with self dignity. Her family members, relatives and neighbours are proud to her endeavours and encouraging her for her struggling journey .
